PROFESSIONAL SUMMARY / CAREER OBJECTIVE

Computer Science Engineering Student with experience in Java Advance, Spring Boot, MERN Stack Development. Skilled in building scalable backend systems, responsive web applications, REST APIs, and database optimization. Strong problem-solving ability with 200+ LeetCode problems solved.

PROJECTS

Medico Compare –Health Price Transparency Platform (Sept 2025 – Dec 2025)
Spring Boot, React.js, MongoDB, Google Maps API, Razorpay Developed a full-stack healthcare price transparency platform with secure REST APIs and responsive frontend interfaces. Integrated Google Maps API and Razorpay payment gateway while optimizing backend performance and database operations for scalability.

Breed Detection System (Cattle & Buffalo) (Jan 2026 – Mar 2026)
Express.js, Node.js, MongoDB, React, TensorFlow.js, REST APIs, JSON, Figma Developed a web-based application for cattle and buffalo breed detection using TensorFlow.js and Teachable Machine for breed classification.

SKILLS

Languages: Java, JavaScript, SQL, C++

Backend: Spring Boot, Flask, REST APIs

Frontend: React.js, Tailwind CSS, Bootstrap

Databases: MongoDB, MySQL, PostgreSQL

Cloud & Tools: AWS, Git, GitHub

Core Concepts: DSA, OOP, Database Management, Problem Solving

Experience

Open-Source Contributor | GitHub (Sept 2025 – Dec 2025)

Contributed to scalable backend systems and optimized database performance. Collaborated using Git/GitHub workflows and maintained clean, efficient code

College Event Management (Nov 2025 – Nov 2025)

Handled college events by coordinating with teams, communicating with participants and vendors, managing event requirements, and resolving issues efficiently. This experience strengthened my confidence, negotiation, objection handling, leadership, and interpersonal skills.

Education

B.Tech (CSE) | Bansal College of Engineering, Indore | 2023–2027

Certifications & Achievements

- Top 20% on LeetCode with 200+ solved coding problems
- Certification - AI-Agent's course on ServiceNow University
- Participation - Smart India Hackathon & Clear collage level Rounds
